Dear Mr. Henderson,

I would like to thank the Carson Valley Inn for once again choosing to partner with the Douglas County Republican Central Committee for our annual Lincoln-Reagan Day Dinner. This year's event was a huge success for our organization. We were thrilled to have sold out the venue.

On behalf of the DCRCC, I wish to commend the excellent performance of your team. Carrie Nicolaisen worked closely with us to ensure the planning was thorough and well thought out. Carole Conklin and her staff did a fantastic job on the night of the function. Every request we made was met with a positive attitude and affirmative response. While I do not have the name of the lead individual in the banquet kitchen, please know that our guests raved about the quality of the food. The prime rib was sensational. Service was equal to the food.

The CVI will remain our go-to choice for functions and events for the simple reason that you continue to provide a top quality product and exceptional value. Kudos to you and your staff are in order.

Sincerely,

A handwritten signature in black ink, appearing to read "Marco Caldana".
