Dear Bill,

I am completing the rating sheet and returning it, but you and your staff deserve a letter to commend the service provided to NvFRW (Nevada Federation of Republican Women).

First of all, a huge thank you to Erin and Carrie for adapting to changes with little notice, and always doing it with smiles. They were there to cater to the many different needs of 90 women!

Several of us experienced services within the hotel, casino, bars and restaurants and we can't say enough about the entire staff at the Carson Valley Inn. Upon entering the hotel we were greeted by the valet and hotel staff with open arms and acknowledged. The accommodations offered an excellent selection to meet all budgets and were clean and comfortable.

The banquet servers were excellent. They expressed a sense of humor and when asked for something special, always delivered! They were quiet, efficient and friendly.

The lunches, breakfast buffets and banquet we had were all exceptional. Presentation, taste and variety satisfied all of our attendees.

Thank you to you and your entire staff for a superb job of service.

We will recommend you for conventions and to friends on an individual basis.

Thanks so much,

Mike Hules
