Subject: Rotary AG Retreat - Belated Thank You

Hi Bill and Carrie

This is a very belated and overdue thank you for the wonderful hospitality extended us by you and the Carson Valley Inn staff.

By all measures our event was a success and in no small part due to the outstanding suggestions Carrie provided and the execution of everyone involved. The Picon Room was perfect for our group and the hotel rooms were excellent. All of the food was yummy.

The Hotel decorations were very festive and provided a comforting atmosphere.

I wish I could provide some areas for improvement but none of our attendees had any! The Governor who follows me was in attendance and was quite impressed with the event and the value provided. She is considering holding her event there next year.

The CVI rocks!

Best Regards,
Joe Z
